A TRIBUTE TO
FATHER SERRA

This year is the 200th Anniversary of the death of Father Junipero Serra. Father Serra was a dreamer who was determined to accomplish any goal he put before himself. Even though he became sick, he kept going on to achieve his mission-the string of missions he founded in California. Serra High School should attain values consisting of determination and dream in order to reach its full potential. Serra once said, "Even if I die on the way, I will not turn back." This quote of his is now the Latin motto of Serra High School: "Etiamsi in via moriar non revertar."

(Clock-wise from above) 1) Mr. Peterson assists with Communion at Mass; 2) Frs. Forner, Bravo and Howell concelebrate opening of school mass to commemorate Serra High School's 40th anniversary and the 200th of the death of Fr. Serra; 3) Bishop Daniel Walsh (former faculty member) addresses the student-body; 4) several former principals concelebrate; 5) Fr. John Zoph (middle), 1984 recipient of the IN VIA Award for distinguished service of 40 years at Serra, with Fr. Howell and Bishop Walsh.

This years Varsity Soccer Team proved to be one of outstanding nature. Led by Team Captain's Chris Burnett and Scott Piper, the team kept a winning attitude which carried them through the season. With an aggressive front line, partially made up by Juniors Brian Vidosh and Steve Maresca, and the best halfback line in years, including veterans Mike Leon Guerrero, Peter Diashyn, Bill Brinkop, Gordon Mohr, and Junior Jon Restani, the Padre's scoring opportunities were many and well earned. Serra's defense held firm throughout the year in stopping their opponents attack. Dominating the defense were John Uozumi, Jim Clark, Steve Fox, and Steve Nordness. The backbone of the defense however, was solely comprised of Sophomore goalie Andy Gloskowski.

This years Junior Varsity Team had yet another winning season. Under the coaching of Jerry Agrella and with Juniors Bill McLaughlin and Chris Bronzini the J.V.'s continued their dominance in the WCAL. The J.V.'s scoring attack, led by David LaRosa and Erick Sims, dominated opposing defenses and often ended with the team winning by a large margin. The halfback line also did an excellent job in helping to set up the scoring opportunities. Defensively the Padres contained the attacking offense, letting few shots be taken. The key to the success of the J.V.'s was their superior defensive game.

THE 1984-1985

EDITOR IN CHIEF-Chris Burnett- This year Chris was the one who got to stay up until all hours of the night finishing layouts that the rest of us didn't do right. Taking on this time consuming job while still being a member of the soccer team is truly remarkable.

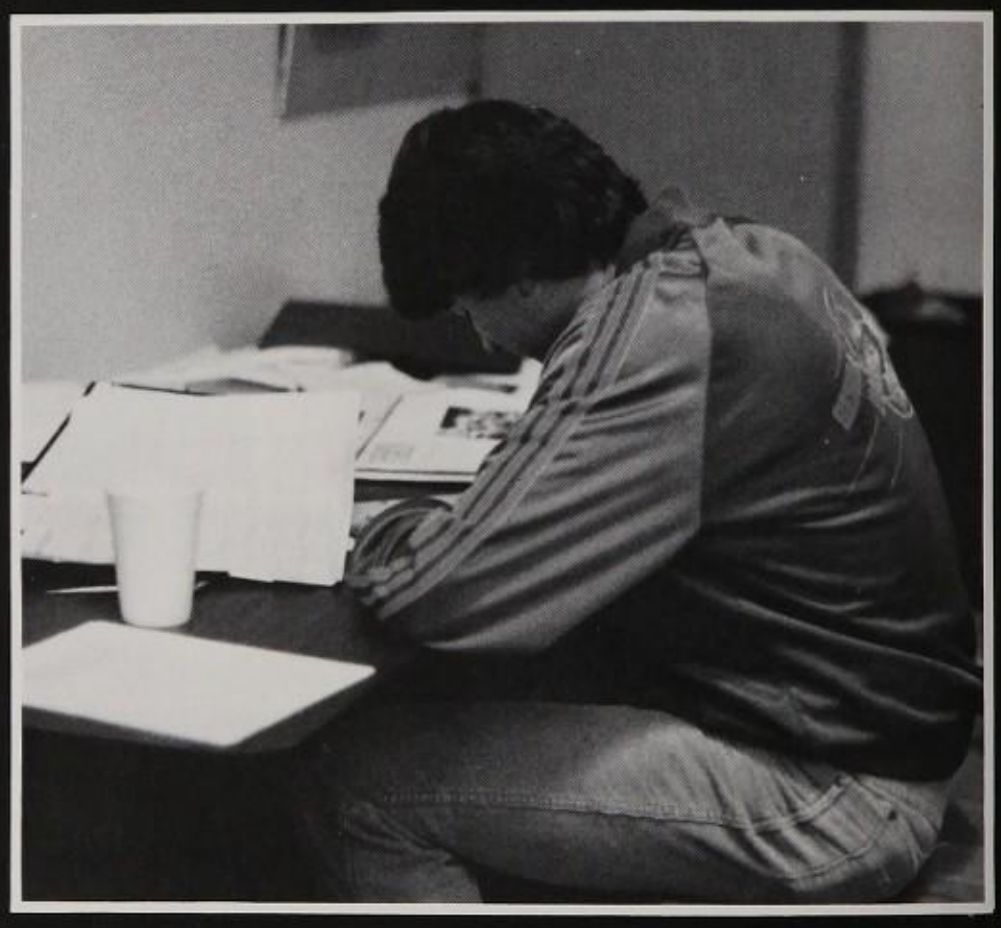

PHOTO EDITOR - Peter Parashis- Although Pete did not have much experience doing layouts last year he filled the job of Photo Editor most competently. Don't forget to give Keith's camera back.

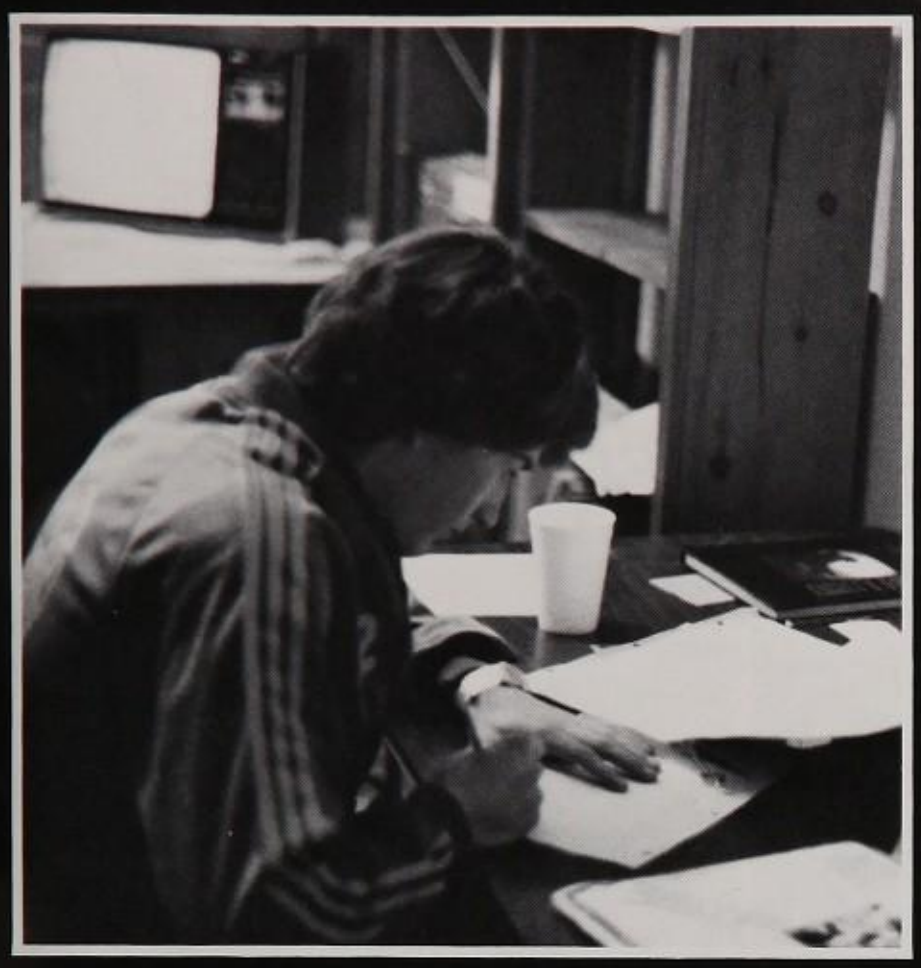
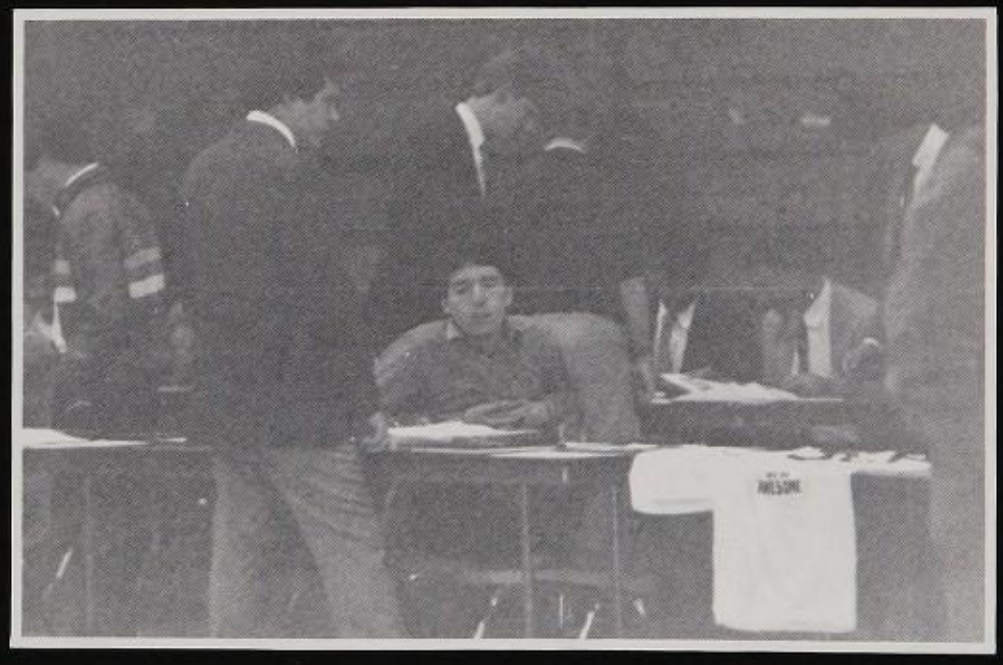
EL PADRE MODERATOR: W. Kevin Ragan. W.K.R. has been the staff moderator for the last nine issues of the El Padre and has again molded together a superior staff out of society's castouts while constantly putting up with the ever-popular line: "I'll have my layout done by deadline, don't worry!" Yea right.



In the beginning I became Editor-In-Chief because of my interest in layout designs and desire to be in charge of the book's production. Believe me, I had absolutely no intention of enhancing my college transcript. As I soon found out, it was a lot more difficult of a job than I thought. If it wasn't for Charles Corsiglia, Gaffney, Hansen, Hons, and Mr. Vogel it would have been impossible. Thanks a lot guys, your help was irreplaceable.



THE EL PADRE STAFF WOULD LIKE TO THANK:

Randy Vogel who without his pictures this book would not have been as interesting. *Steve Haag* '67 (of Haag n' Haag Photos). *"Chas" Corsiglia* for many photos including the cover. *Bret Mills* for his photos. Sophomore *Scott Taylor* who helped Art Editor *Mike Curtis* considerably. And finally *Mr. Ralph Stark* for letting us use his room during lunch for countless meetings.

Colleen will be missed

by Scott Gaffney

The Serra community has suffered a great loss this past month. Of perhaps the type that hits home the most, the death of a student. Colleen Jane McNamara, a graduate of Notre Dame last year, was killed in an automobile accident early on November 30.

Several service and

Funeral arrangements were

McNamara was a native

survived by her parents

grandmother Marjorie Pahl of Minneapolis, and her paternal grandmother Sara McNamara of St. Charles, Illinois.

Although it is very tragic that something like this has to happen, something positive can come out of this. Part of Colleen lives on; her corneas and kidneys were donated for possible use in another human being.

The family prefers that donations be made to the general scholarship fund of Notre Dame.

Several rumors had floated around the event, one being that she was drunk and crashed as a result of this. I knew Colleen and that is absolutely absurd. I had worked with her on the M.A.D.D.—Safe Rides program last year which gave rides home to people and students who were under the influence or whose ride was. She was fanatic about drunk driving and it is terrible that she was accused of doing something she fought so hard to stop. It is really upsetting that things like this are spread about people.

Why some people find it necessary to pass on false information about others is a mystery to me. Maybe, just maybe people could find it in their hearts to make the commitment that they will never, again let information that is known is false, or is unsubstantiated, continue.

The safety program that I have in mind takes the form of a car c b. Some people would say tha a car club would only encou age the dangerous habits that I have entio ed. The type of club I am proposing would empha ize safety, lawfulness, general maintenance, and most of all he fun in having and maintaining your car. When I was doing some work for the Photo Club, I saw this club in some old yearbooks. It stayed around for a few years, but then faded off into oblivion.

This club could have several sections of interest, like four wheel drives, hot rods, grand touring, motorcycles, and collectors cars. Anybody could join and each member would have his own area of interest and naturally be active in that part of the club that suits him best. For the lower division students and others without cars, this club would also be of interest. It could sponsor trip activities for all. This club is not possible now, but maybe in the future (ie: next year). There could be a car club to make a very popular hobby as safe and fun as it can be.

As a loyal fan of Wally George, hearing that his show was taken off the air because, in using his freedom of speech, he offended certain groups, disgusted me.

We cannot sit idly while our Constitution, and the man who is fighting to preserve it, is being torn apart. Right from the start of the show, Wally George was attacked by Ann Frazer, who accused him of not letting "gays be gay."

Wally, in his defense, clarified himself by saying that "people can be whatever they want as long as it doesn't interfere with the normal way of life." He then continued by calling Frazer a lousy feminest and asked the audience "Doesn't she remind you o Gerry Ferraro?"

Let's help get Wally Georg and *Hot Seat* back on the air i San Francisco. Write th stations in San Francisco an see if they have the guts to ai non-liberal media. This ha been a two minute opinion fo America.

Blue and Gold forever?

Fr. This revitalized tradition wa s done in conjunction with the new Junior Class ring blessing ceremony. The freedom of being able to choose the color and stone of your ring had only come about around the year 1974. Before that the rings had to be the school colors.

I personally am against this years ago, I probably wouldn't have purchased a ring. The stone in my ring is my birthstone. I intentionally went out to set my ring apart from others. It says Junipero Serra High School on it; that should be uniform enough.

I feel that because of this new rule the sales of school rings would go down, simply because anyone wanting a blue and gold ring would order one anyway. Some of the people who wanted other styles would change to the school colors, but others would simply not buy a ring at all. Consequently, the total sales of rings goes down.

On the other hand, according to Fr. Howell, the above reasoning is unjustified. He says that Mr. Grasso has
